

SAPS GUARDRAIL | CONCRETE - WIRE CABLE

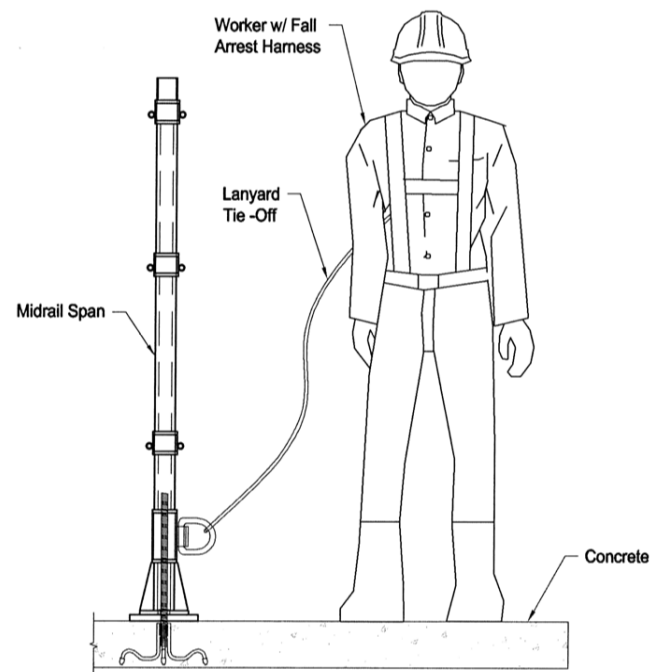

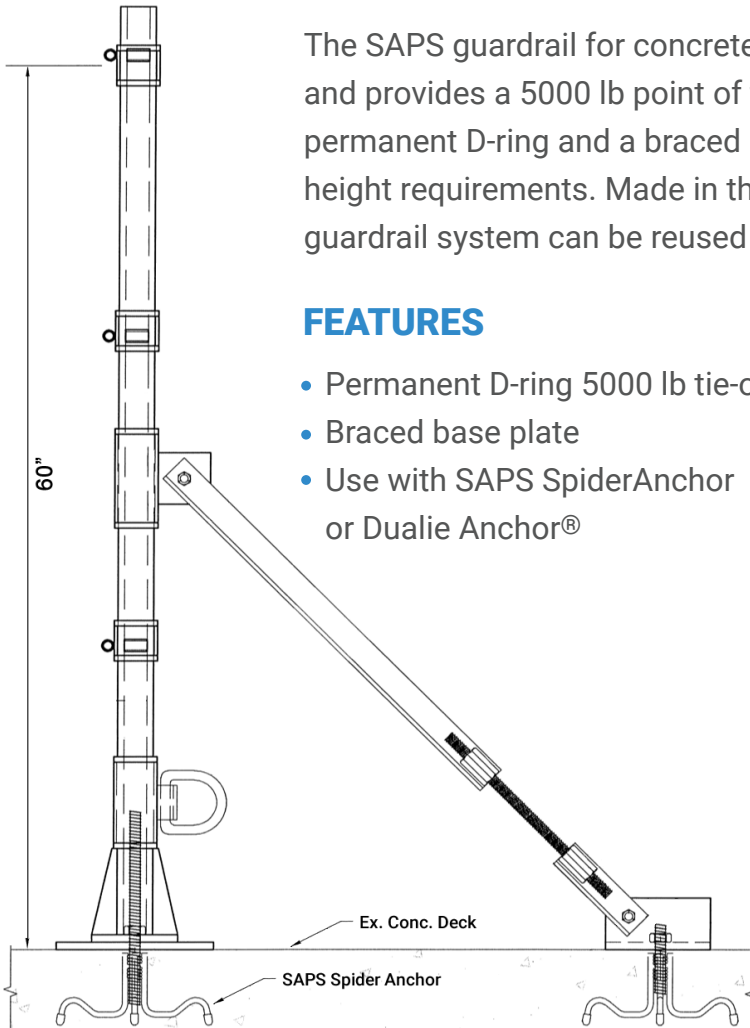

safetyanchorpost.com

PRODUCT DETAILS

The SAPS guardrail for concrete applications attaches to an embedded anchor and provides a 5000 lb point of tie-off. Used with wire rope cable. Featuring a permanent D-ring and a braced base plate for maximum support. Meets OSHA height requirements. Made in the United States with heavy-duty steel, this guardrail system can be reused time over time.

FEATURES

- Permanent D-ring 5000 lb tie-off
- Braced base plate
- Use with SAPS SpiderAnchor or Dualie Anchor®
